Objective

This course is designed to provide the skills and experience required to implement the UK Government's OGC PRINCE2 Methodology. **Plus the APMG accredited PRINCE2 Foundation qualification.**

You Will Learn How To

- Use and adapt current project management "Best Practice"
- Design and manage the project to implement the Business Benefits
- Implement "Management by Exception"
- Improve Project Communication
- Structure the project, set up decision points, proper reviews and ensure timely management involvement
- Improve project tracking and control
- Tailor the method to suit your project needs

Benefits To You

Change has become a way of life for organisations that need to remain effective and competitive in order to thrive.

PRINCE2 embodies many years of "Best Practice" in Project Management. It has recently been updated to the 2009 version and the knowledge contained will ensure that you are provided with a modern, flexible, adaptable, and successful approach to suit all types of projects.

The APMG accredited PRINCE2 Foundation qualification is recognised world- wide as a measure of excellence in Project Management skills.

We are proud to announce that 100% of people we have trained since January 2002 have successfully passed the PRINCE2 Foundation exam with us.

Who Should Attend

This course is invaluable for current project managers, team members, business managers, and project support staff, and **all staff who require the APMG accredited PRINCE2 Foundation qualification.**

Hands-On

The course is highly interactive with numerous exercises with strong emphasis on relating the method to an organisation's projects. It uses a syndicate-based Case Study as a continuous theme to re-enforce the learning environment and build upon both skills and knowledge.

Syndicate Exercises include:

- Designing the Project Organisation
- Developing the Project Brief
- Using Project-Based Planning
- Setting up the Risk Log
- Managing Project Issues
- Writing Product Descriptions
- Performing a Quality Review
